Darienne,

I spoke with Michael Reardon earlier this morning and we agreed to fly together from Lausanne on the 15 early afternoon to start a preparatory meeting at the S, H & B offices at 15.00 together with Jim Newsom.

Jim is also to book a private dining room for Wednesday evening so that we could dine and walk through our strategy for the Thursday meeting with all PM/Amer people present.

Would this arrangement be OK with your end? It would be great if we all could meet at the S, H & B offices at 15.00 to discuss the plans, our approach and the details. This should give us a good four hours at least, plus of course the dinner. If you feel we need to start earlier on Wednesday I could look into that; Michael might be tied up in Lausanne till noon on Wednesday.

Please let me know whether this is acceptable. Pls. also indicate whether you feel that the Amer people and/or Christian Reims should participate in this preparatory meeting.

I met with Jim Newsom this morning to discuss the London meeting and the status of planning. In addition to the PM team the following people are likely to participate in the Thursday meeting:

Ed Jacobs/BAT counsel; Philippa Casingena/BAT; Kendrick Wells/B & W; Robert Liljestroem/STOY counsel; Mikko Tulokas/Rettig counsel; Jim Gould/Reynolds counsel. We don't know yet whether STOY and Rettig are going to send their in-house people. Amer will be represented by Kalle Soikkanen and possibly Lasse Lehtinen. We also considered inviting Christian Reims from Finland, as he's very familiar with the developments on the criminal scene. - This means that at least half if not more of the participants will be PM or PM connected...

Jim will liaise with Ed Jacobs and agree on an agenda which we outlined today as well as who will send it out to the distribution. We felt that any written confirmation on the meeting, including a draft agenda, shouldn't come directly from PM. The agenda should be out tomorrow.

Kalle Soikkanen promised to liaise with Satu Kaarenoja/STOY and check with her whether it's OK to send the NMA communications plan draft V (incl. the draft press releases) to the participants prior to the meeting. - We've understood that so far the flow of information from STOY to BAT on this issue and the planning process hasn't been especially impressive, and as STOY and Rettig are the main actors

2046533890A

in Finland we try to avoid doing something they wouldn't do...
A translation of the latest NMA draft has been sent to you earlier.

Looking forward to your comments,

Best Regards

Johan

Greetings.

After spending some time with the communications plan,
and attempting to put bodies to roles, and locations,
I think we all should - MUST - plan on being in London a day early.
That is, for us to spend Wednesday, Jan. 15, going over the
plan, point-by-point.

Vic and I would thus fly over with Matt on Tuesday,
Jan. 14. We would meet probably all day Wednesday the
15th. (VIC: do you think we could borrow a space at
BM's office? Otherwise, perhaps we'll just make do with
a hotel room.)

The reason: to carry out the plan as outlined, including
the Visnews activity for PMI, requires bodies, timing, and
all knowing who is doing what, when, where, and why.

This can be nailed down a bit more definitively if
we are all physically together. Johan, this would be the chance
for you to 'walk' through the plan and the reasoning
behind it. And for the rest of us to have your experienced
perspective.

In the process, certain difficulties/problems/glitches
and unforeseens would come to light and, hopefully,
we can head 'em off at the pass.

I have been 'freed' of other responsibilities, for the
duration.

Let me hear from you soonest.

And let the party begin!

Many thanks and cheers
Darienne
